Ikebana uses flowers as an expression of beauty and harmony and evokes spiritual expressions. Ikenobo has more than 550 years of historical background and is the origin of Ikebana. Ikenobo values both tradition and creativity, and gives each equal importance in teaching Ikebana. Flowers can teach us many things and can give us encouragement and comfort. Ikebana can express the joy of life, as well as the transience of life.

Celebrate Ikebana every month with our beautiful calendars!
